

Short Term Research Assistant Position Available

Posted: 7 June 2007

Dr Imogen Schwarz, Research Fellow with Water In Drylands Collaborative Research Program (WIDCORP) Horsham campus is looking to employ a research officer for approximately 2 days per week until October to assist with data collection (conduct semi-structure interviews and questionnaires) and analysis of information to explore the links between water reform and the health of small business people in rural dryland Australia. Graduates with health/nursing degrees, or postgraduate students with experience in the Health Impact Assessment and qualitative research are encouraged to apply. For further details, please contact Imogen on telephone 03 5362 2681 or email:
